Illinois College of Optometry

Class of 2018 Course Curriculum

First Year 2014-2015

Summer Quarter

Fall Quarter

- Microscopic Anatomy
- Human Anatomy
- Human Physiology & Pathology I
- Geometric & Theoretical Optics I
- Biochemistry I
- Optometry 1.1

Winter Quarter

- Applied Ocular Anatomy
- Neuroanatomy & Neurophysiology
- Human Physiology & Pathology II
- Geometric & Theoretical Optics II
- Vision Science I
- Optometry 1.2

Spring Quarter

- Human Physiology & Pathology III
- Vision Science II
- Biochemistry II
- Optometry 1.3
- Physiologic Optics

Summer Quarter

Fall Quarter

- Optometry 2.1
- Ocular Physiology
- Binocular Vision
- Ocular Motility
- General Pharmacology I
- Ophthalmic Optics I

Winter Quarter

- Optometry 2.2
- Developmental Vision and Neurobio
- General Pharmacology II
- Ocular Disease I
- Intro to Binocular Anomalies
- Ophthalmic Optics II
- Color Vision

Spring Quarter

- Ocular Pharmacology & Therapeutics
- Physical Diagnosis
- Ocular Disease II
- Microbiology
- Optometry Seminar Lab
- Contact Lenses I

Second Year 2015-2016

Third Year 2016-2017

Summer Quarter

- Ocular Disease III (Retina)
- Evidence Based Healthcare
- Contact Lenses II
- Infant/Child Development

Fall Quarter

- Clinical Medicine I
- Ocular Disease IV (Red Eye)
- Ocular Disease V (Glaucoma II)
- Binocular Vision Disorders

Winter Quarter

- Clinical Medicine II
- General & Ocular Emergencies
- Neuro-ophthalmic Disorders
- Vision Rehabilitation
- Strabismus & Amblyopia I

Spring Quarter

- Injections & Minor Surgical Procedures
- Ophthalmic Lasers
- The Business of Optometry
- Strabismus & Amblyopia II

Summer Quarter

Externship
Rotation #1

Fall Quarter

Externship
Rotation #2

And now presenting
the Class of 2018
after...

2,167 class hours,
1,377 days of education,

154 fellow classmates,
156 lecture examinations,
147 possible externship sites,

80 extern hours,
52 classroom courses,
47 professors, 46 months,
35 4th year primary care hours,
28 practical examinations,
16 clinical assignments,
15 end of quarter shot-guns,
14 quarters, 13 labs, 11 finals weeks,

10 clinical specialties,
 10 4th year pediatrics hours,
 10 4th year advanced care hours,
 8 clinic suites, 5 4th year low vision hours,
 5 injections for the optometrist,
 4 Boo Bashes, 4 externship rotations,
 4 EyeBalls, 4 ICOlympics, 4 Quiz Bowls,

4 years, 4 talent shows,
 4 Twelve Bars of Christmases,
 3 end of year photos, 3 lecture halls,
 3 dispensing shifts, 3 parts of boards,
2 tug o' war victories,
 2 CAP sessions, 2 snow days,
 1 cafeteria, 1 Eyewear Express,
 1 orientation, 1 power outage,
 1 ICOlympics Championship, 1 library,
 1 Residential Complex, 1 white coat ceremony
 and 1 graduation.

The Optometric Oath

With full deliberation I freely and solemnly pledge that:

I affirm that the health of my patient will be my first consideration.

I will practice the art and science of optometry faithfully and conscientiously, and to the fullest scope of my competence.

I will uphold and honorably promote by example and action the highest standards, ethics and ideals of my chosen profession and the honor of the degree, Doctor of Optometry, which has been granted me.

I will provide professional care for those who seek my services, with concern, with compassion and with due regard for their human rights and dignity.

I will place the treatment of those who seek my care above personal gain and strive to see that none shall lack for proper care.

I will hold as privileged and inviolable all information entrusted to me in confidence by my patients.

I will advise my patients fully and honestly of all which may serve to restore, maintain or enhance their vision and general health.

I will strive continuously to broaden my knowledge and skills so that my patients may benefit from all new and efficacious means to enhance the care of human vision.

I will share information cordially and unselfishly with my fellow optometrists and other professionals for the benefit of patients and the advancement of human knowledge and welfare.

I will do my utmost to serve my community, my country and humankind as a citizen as well as an optometrist.

I hereby commit myself to be steadfast in the performance of this my solemn oath and obligation.

From Dr. J

Anatomical Irish Blessing

Anatomical Version of the Irish Blessing

May the road rise to meet you Like the levator palpebrae superioris muscle (do you remember its innervation? It's *NOT* the facial nerve)

May the wind be ever at your back That way you can avoid getting irritants in your eyes (can you explain the corneal reflex pathway, and be specific?).

May the sun shine warm upon your face Recall which cranial nerve is being stimulated (it's *NOT* the facial nerve).

And the rains fall soft upon your fields Recall which fields would be affected by a pituitary tumor that is just beginning to grow.

And until we meet again, Recall which muscle and nerve are being tested if you
May God hold you in the palm of his hand. place the palm of your hand on the right side of the patient's face and ask them to look to the right.

If you get all these questions correct, *WE* know that Bowman's layer is *NOT* the basement membrane of the corneal epithelium, my job is done and we can all do the Snoopy Dance of Joy.

Congratulations,

And best of luck with your careers!
